

## Features

The 740-02 room desk is specially designed for use in hospitals, clinics, homes and for home care.

- Structure:

Desk made of solid beech wood, free from stains and knots.

19 mm beech laminate panels which provide superior strength, edged in 2mm thick PVC, offering high resistance to impacts and abrasion.

The front edge of the desk is reinforced and slightly raised to prevent objects from falling off it.

Everything is coated in varnish to extend the useful life of the desk.

- Legs:

Four (4) legs made of solid beech wood free from stains and knots.

The legs in areas in contact with the ground are finished off by sliders. These pieces allow the desk to be moved almost effortlessly during cleaning operations without damaging the structure.

- Drawer:

The drawer opens with a system of metal guides and includes a stop to prevent it from being removed completely, stopping it from falling.

- Other features:

Wide side hollow to provide easy wheelchair access.
